California State University, Fullerton is a top national university and one of the nation’s “most innovative” institutions. With more than 40,000 students, CSUF is an in-demand choice in the region. CSUF is ranked No. 1 among four-year public institutions in California enrolling community college transfer students. We lead the CSU in admitting and enrolling Associate Degree for Transfer (ADT) students.

Admission to CSUF is a highly competitive process. As an impacted campus, there are more qualified applicants than we are able to accommodate. As a result, all transfer applicants must anticipate more rigorous standards in the admissions review process than the minimum CSU eligibility. It is very important to be well-prepared academically and to adhere to all deadlines.

To ensure a fair process for all applicants, the transfer GPA requirements will not be determined until after the priority application filing period ends on Dec. 15, 2018. It will be based on the number of applications received, the competitiveness of the pool, and the number of enrollment spaces available.

# DEADLINES

Because CSUF is an impacted campus and enrollment space is limited, all of the deadlines listed below will be strictly enforced. If a deadline is missed, your admission may be rescinded. Please check your CSUF student portal at my.fullerton.edu regularly for important communications regarding your status.
